## LAZINESS NOT GROUNDS FOR DIVORCE BUT GUN BLOW IS

"Mere laziness is not a ground for divorce," Judge W. C. Sheely held today in handing down one opinion—which granted the divorce on other grounds.

And in refusing a divorce in another opinion, the judge pointed out: "When a husband persists in going with another woman, he is in no position to object to conduct on the part of his wife caused by his own misconduct," even when she hits him over the head with a curtain rod, as testified to in the case.

Beatrice Marie (Shipley) Myers, Littlestown R. 2, was granted a divorce from her husband, Bernard Jeremiah Myers, Rocky Ridge R. D., on grounds of indignities to the person. Her principal complaint, according to the opinion, was that "the defendant was lazy and shiftless. He had a farm and sawmill but would not do the work."

## Used Butt Of Gun

The court noted that "mere laziness is not a ground for divorce." Then in her testimony, Mrs. Myers complained that her husband was very "suspicious. This suspicion caused him to deny the paternity of the last child and to be very inconsiderate of the plaintiff during her confinement. The testimony also shows that on one occasion the defendant hit the plaintiff with the butt of a gun, ap-

With him are shown just of few of the approximately 500 youngsters who welcomed him to the borough. (Lane Studio)

## Santa Claus Is Besieged By 500 Children In Square

The children of Adams County—some anxious, some timid, some even fearful—trooped into Lincoln Square Friday night to meet Santa Claus, and to tell him what they wanted for Christmas.

An estimated 500 children saw Santa Friday from 6 to 9 p.m., in "Santa's Shanty," a "log cabin" erected by the Junior Chamber of Commerce on the southwest corner of the Square. For those who missed him, Santa has promised to open his Shanty today from noon until 8:30 p.m. and from 6 to 9 p.m. every night next week.

Santa Claus held a press conference between interviews Friday night, and he said of the children "by and large, most of them have been pretty good." He remembered that he had written a letter to The Times last year, complaining about the lack of good Christmas decorations in the borough. This year, he said, "the decorations on the Square are much better. But there is still room for vast improvements."

On his way down from the North Pole, Santa stopped at WGET for a fifteen minute radio interview, during which he read some of the letters written to him from the boys and girls of the county.

When he arrived in Lincoln Square, there were few tots in sight, but no sooner had he set up shop than they began to converge on him. He had an orange for each, and he promised to try to fill their requests, although he cautioned them not to ask for too many gifts for Christmas.

Most of the tots' requests were for the usual items, such as bicycles, wagons, and dolls, but there were some unusual demands. One young man asked for a short-wave radio set. Another, about four years old, wanted "three station wagons." Santa blinked, and said he'd do the best he could.

One young man remained skeptical. When Santa promised to fill his request for some records, he had a fast comeback: "Well, where are they?" he asked.

Sheriff Schultz had sought the transfer after Harless destroyed articles in his cell and burned other prisoners with lighted cigarettes before being overpowered.

The application for transfer was filed with the state department of Welfare which in turn petitioned the Adams County court, which ordered the transfer.

## Emmitsburg ROY VALENTINE BARN LOST IN SECOND BLAZE

Fire once again harassed the property of Roy Valentine located on the Bolinger Rd. adjoining the Rocky Ridge Rd. about 6 1/2 miles from Emmitsburg, when his barn was completely destroyed on Thursday evening. The Emmitsburg Fire Co. was summoned about 9 o'clock and remained on the scene until 2 a.m. Other fire companies answering the call for help were the Rocky Ridge and Thurmont Fire Companies.

In spite of this assistance the loss of the barn and its contents of farm machinery and feed was considered to be about \$12,000 and was partially covered by insurance. A cow barn nearby was undamaged although the silo was completely destroyed.

A hay shed was burned at the same location about two weeks ago when all three fire companies answered the summons. Cause of either fire is still unknown.

The Emmitsburg Fire Co. was called to the home of Robert Wormley on Wednesday afternoon about 2:30 p.m. to extinguish a fire in a rabbit pen. Only slight damage was reported.

To add festivity and gaiety to the St. Joseph's High School Glee Club's "Carol Time," the accompaniment on a Wurlitzer organ will be a special highlight of the evening. The organ is being loaned to the high school through the courtesy of The Colonial Music Shop, Frederick. Under the direction of Miss Louella Linsinger the Glee Club will sing old and new carols.

A Christmas skit will be added to the choral program and will star Mary Anna Kelly, Mary Edith Bailey, Eugene Rosensteel and Robert Gelwicks.

## LAZINESS NOT

(Continued from Page 1)  
parently without any cause. These actions would constitute indignities and since the defendant has offered no evidence to explain his suspicions we must assume that they were not justified. A decree in divorce will be entered."

In the other opinion the complaint in divorce, brought by John J. Gochenaur, Flora Dale, against Geraldine E. Gochenaur, York Springs, "is dismissed at the cost of the plaintiff."

Gochenaur claimed there was an altercation in which his wife hit him "over the head with a curtain rod and told him he could take his clothes and go." The court held that was not sufficient to make Mrs. Gochenaur guilty of desertion, that "the defendant could not be guilty of desertion unless she forced him out of doors."

### Other Woman In The Case

According to the opinion the altercation occurred when the plaintiff (Gochenaur) and his daughter had an argument and she hit him. The plaintiff then ran after the daughter and the defendant interceded in her defense and hit him with a curtain rod.

The court also observed: "Most of the difficulties between the parties was due to the fact that the plaintiff was employed in Harrisburg and roomed there during the week. As time went on he spent less and less time at home."

According to the opinion, Gochenaur at first denied going with other women, then finally admitted seeing a Harrisburg woman "a number of times," but insisted his conduct was entirely innocent.

"The master, in his very carefully considered report, points out that the change in the plaintiff's testimony occurred after the woman in question entered the hearing room." The Harrisburg woman, according to opinion, testified that she had gone out with Gochenaur for "about four or five years . . . he told her he was getting a divorce and would marry her when he was free."

In each town upon life's highway . . . we are always sure to find . . . churches with their doors wide open . . . bidding welcome to mankind . . . matters not what faith we foster . . . we can gain the peace we seek . . . from a visit with our Maker . . . who awaits the prayers we speak . . . God is dwelling in each quiet . . . sanctuary made of stone . . . and He showers us with comfort . . . from His holy altar throne . . . though our world tumbles around us . . . we can find contentment there . . . for we leave the world behind us . . . when embraced in godly care . . . so when life seems sad and dreary . . . the road is rough to tread . . . don't forget the sun is shining . . . always, in the house of God.

## ENJOY PARTIES AT COUNTY HOME

The 67 guests at the Adams County Home had "the most wonderful Christmas parties ever," the superintendent of the home, Herbert Taylor, reported today.

Sponsored by the Auxiliary of the County Home, the annual parties were held Friday evening with the Annie Danner Club, following usual custom, in charge of the party at the Women's building. The members of the Men's Bible Class of St. Paul's Lutheran Church, Biglerville, conducted the party in the Men's Building, and the members of the Presbyterian Women's Christian Fellowship took charge of the party in the Annex.

Following the parties the various groups, augmented by a few others, gathered around a decorated tree in the court yard to sing Christmas carols under the direction of Charles Yost, principal of the Biglerville High School.

Three trees were furnished by the county commissioners, one for each building at the home, and the guests in those buildings gathered at about 6 o'clock Friday evening with the visiting Christmas party group for the tree trimming. "They brought new and beautiful decorations and the guests at the home enjoyed not only the beauty of the decorated trees but the fellowship and joking that went on as the trees were trimmed," Taylor said.

After the trees were trimmed the guests and their visitors took part in singing Christmas carols. Then Christmas gifts were presented. Mrs. Herbert Taylor, matron at the home, described the gifts as "the best the county home guests have received. The women received new and beautiful dresses. The men received huge boxes of all types of fruit, cigarettes and other gifts. It was a truly wonderful Christmas program."

## Hornets Lose To Cleveland Barons

By THE ASSOCIATED PRESS  
The Pittsburgh Hornets make another try at overtaking league leading Springfield tonight after blowing a chance to take the No. 1 spot in the American Hockey League last night.

The Hornets had a 2-0 first period lead over Cleveland in the only game scheduled last night, but the Barons moved ahead in the second period and wound up with a 6-3 victory. Pittsburgh could have moved up from second place into a one-point lead with a triumph.

As it is, Springfield still leads with 30 points while the Hornets and Hershey are tied for second with 29. Cleveland is fourth with 26.

## DELONE BEATS

while Hardman added a trio to the Delone column. Ron Group then tossed up a tap-in to end the ball game.

Ralph Hardman led the scoring with 15 points. Phil Staub was second with 11. Nevin Prantz, playing an exceptionally fine game, topped the Cannons with ten as Garnet Cible and Dick Beamer each netted eight.

The Delone reserves captured the preliminary contest 45-29, to tally their fourth win against one setback. After trailing 14-9 at the first quarter, Biglerville came back to knot the count at the half 22-22. From this point on Delone took a lead they never lost. Jim Smallwood, Canner guard, topped the scoring with 13 points while Chuck Doll hooped 11 for the Squires.

Delone will entertain Littlestown for a holiday contest on December 30.

## Penn State Drubs Bullets Dribblers 97-61; Snyder Tops All Scorers With 27

Penn State's powerhouse basketball team rolled to an easy 97-61 victory over the Gettysburg College cagers Friday evening on the Nittany Lions' floor. The loss was the fourth in five games for the Bullets.

The Bullets were never in contention as the pressing zone defense employed by Penn State kept the Gettysburg attack completely bogged down.

Marisa landed a goal to open the scoring for the Lions and a short time later Bill Snyder knotted the count with a Bullet goal. Penn State then rolled up 12 straight points before Les Eckman converted a pair of fouls for the Bullets. At the end of the first 10 minutes of play Penn State was on top 29-13.

After State ran its lead to 32-13, the Bullets rallied mildly on a goal and a pair of fouls by Eddie Ferren and another goal by Snyder before Jesse Arnelie dumped in a shot toss for the Lions. Nine additional straight points by Penn State made it 43-18 before Dick Hockenbury looped a goal for Gettysburg. At half time the score was 49-21.

**Lions Keep Moving**  
A quartet of baskets by Marisa featured the State barrage during the first five minutes of the second half when the Lions climbed to a 69-29 edge. It was strictly no contest as the Bullets trailed 79-41 going into the final 10 minutes of action.

Both benches were emptied by the coaches in the remaining minutes. Snyder again turned in the outstanding game for Gettysburg and connected on nine goals and a similar number of fouls to be the high point man for the evening.

Marisa landed 19 to be high for the Nittany Lions while Arnelie contributed 16.

The Bullets will be idle until Wednesday, January 5, when Western Maryland will play here.

## Browns And Lions Play Make-Up Tilt

CLEVELAND (AP)—It won't mean a thing so far as standings are concerned, but Coach Paul Brown says he'll throw the best of his Cleveland Browns into tomorrow afternoon's football fray with the Detroit Lions.

Each team has won a crown in its own conference—Cleveland in the Eastern and Detroit in the Western—and tomorrow's game is a meaningless make-up contest for one postponed because it coincided with a World Series baseball game.

The real test for the National Football League title comes on Sunday, Dec. 26, when the same two teams meet again.

It was known that there was

dissent in the team. This strife first came to public notice Dec. 1 when some of the players disclosed that Pool had severely criticized Tom Fears, Dan Towler and Bobby Griffin for their play in the Rams' loss to the Chicago Bears.

The Rams, hot favorites to win the Western Division title of the National Football League, finished with a league record of six wins, five losses and one tie. They placed fourth in the division, the worst showing for Los Angeles since 1947.

Los Angeles (AP)—Hampton Pool resigned last night as head coach of the Los Angeles Rams pro football team, saying in an announcement that he was doing so "for the good of the team."

Pool was not available for comment. Neither was Rams' President Dan Reeves. The brief announcement came from Pete Rozelle, Rams publicity man.

Pool completed his third season as head man last Sunday. Immediately after that game, in which the Rams whipped the Green Bay Packers 35-27, his four assistant coaches quit.

A few days later Pool's first lieutenant, Johnny Sauer, accepted the athletic directorship and head coaching job at The Citadel, Charleston, S.C.

With Pool and his entire slate of assistants out of the picture, speculation began immediately on two possible successors. One is Jordan Olivar, who has one year left on a three-year contract at Yale.

The other possibility is Lawrence T. (Buck) Shaw, deposed San Francisco 49er mentor.

## PENN DEFEATS IOWA 87-75 IN COURT UPSET

**By JOHN CHANDLER**  
The Associated Press

College football teams in Philadelphia probably had their worst season on record this year, but the alumni can't complain today about the prowess of the Pennsylvania and Temple basketball teams to date.

Pennsylvania, tabbed along with the Princeton and Cornell as the three schools to fight it out for the Ivy League title, staged a big upset last night at Philadelphia by knocking off Iowa 87-75. Iowa had been beaten only by Missouri in five games, and is being touted to take over from Indiana this year as kingpin of the Big Ten.

Iowa led at halftime 38-35 as Bill Logan sparked the attack, but the Quakers unlimbered their big guns in a blistering second half drive. Joe Sturgis got 33 points, Lou Bayne 23 and Bart Leach 21 for Penn, now unbeaten in five games. Iowa was rated 13th nationally this week.

**Big Games Tonight**  
Tonight Iowa meets Princeton, in one of several big games on the college court program that includes a New York Garden meeting between two unbeaten Giants, La Salle and Utah, and a battle at Lexington, Ky., between Kentucky and Temple. Temple (5-1) handed St. John's (Brooklyn) its first defeat Thursday.

In fact, eight of the top 10 in this week's AP poll will see action. In addition to La Salle (No. 1) and Kentucky (No. 2), Illinois (3) plays Notre Dame, North Carolina State (4) meets Texas Tech, Dayton (5) entertains College of Pacific, UCLA (7) plays Cincinnati, UCLA (8) plays San Francisco, and Niagara (10) is at Toledo.

**Tourneys Underway**  
In addition to a heavy schedule of regular games last night, the first two of a score of major Christmas tournaments got under way. West Virginia defeated favored Wake Forest 86-82 and Alabama drubbed Texas 89-54 in the Birmingham (Ala.) classic. The winners meet tonight for the title. Wake Forest's Dick Hemric tallied 43 points in a losing cause.

At Montgomery, Ala., in the Blue-Gray tourney, Tennessee won over Miami (Fla.) 89-80 and Auburn led throughout to clip Washington and Lee 91-81. The winners play tonight in the finals.

dissent in the team. This strife first came to public notice Dec. 1 when some of the players disclosed that Pool had severely criticized Tom Fears, Dan Towler and Bobby Griffin for their play in the Rams' loss to the Chicago Bears.

The Rams, hot favorites to win the Western Division title of the National Football League, finished with a league record of six wins, five losses and one tie. They placed fourth in the division, the worst showing for Los Angeles since 1947.

Los Angeles (AP)—Hampton Pool resigned last night as head coach of the Los Angeles Rams pro football team, saying in an announcement that he was doing so "for the good of the team."

Pool was not available for comment. Neither was Rams' President Dan Reeves. The brief announcement came from Pete Rozelle, Rams publicity man.

Pool completed his third season as head man last Sunday. Immediately after that game, in which the Rams whipped the Green Bay Packers 35-27, his four assistant coaches quit.

## Mountaineers Falter In Final Minutes, Upsala Squeezing Out 82-80 Win

The Mt. St. Mary's College dribblers collapsed under pressure Friday night to drop their second straight two-point decision when Upsala took an 82-80 verdict at East Orange, N. J.

Despite having a height advantage, the Mount was unable to control the backboards over the smaller and more aggressive Upsala outfit.

Jim Phelan's Mountaineers led until the final four minutes of play, at half time the Mount was in front 39-32.

Jack Sullivan, ace scorer for MSM, once again topped the scoring with 30 points on 12 field goal and half a dozen fouls.

The Mount out-shot their opponents from the field 33-29 but collected only 14 fouls in 25 trips while Upsala landed 24 of 41.

Wisniewski and Prince each tabbed 28 for the winners.

Tonight the Mountaineers take on St. Peter's at Jersey City, N. J.

**U.S. COMPLETES SWEDEN'S ROUT IN AUSTRALIA**

BREISBANE, Australia (AP)—The United States completed a 5-0 rout of Sweden in the interzone final of the Davis Cup competition today behind the booming racquets of Tony Trabert and Hamilton Richardson.

Trabert, the Cincinnati blaster whose game had been far off before the start of the round two days ago, crushed Lennart Bergelin, 6-2, 6-1, 3-6, 6-2. Richardson substituting for Vic Seixas who was given the day off by Captain Billy Talbert, rushed past Sven Davidson, 6-0, 6-3, 6-3.

Thus the final score came out 5-0, just as Talbert had predicted. Numerous experts here down under thought the Swedes had a good chance of upsetting the Yanks and advancing to the challenge round against the Aussies on Dec. 27-28-29.

But there was no stopping Talbert's finely trained crew. The big surprise was the sterling performance turned in by young Richardson, the national intercollegiate champion from Tulane University.

He was nothing short of superb in downing Davidson, who earlier this year won the American indoor championship in the New York.

Sven, a fellow who seems to discharge too easily, broke through Richardson's service just twice.

Richardson seemed determined to show Talbert that he should get a singles berth in the challenge round. It's something the captain will have to mull over because Ham never looked better.

Trabert's match provided him with a good opportunity work on his service. Tony's delivery is one of the strongest points in his game, and without it, he is vulnerable to someone like Lew Hoad, the Aussie lad.

Trabert really gave it his all, and one would have thought he was playing the deciding match of the challenge round the way he whipped around the court.

The sellout crowd of 7,000 that jammed the Milton courts reserved a loud cheer for Bergelin every time he got in a good shot. And when he won the third set, the crowd went wild.

Trabert is a favorite down here, but like the Americans, the Aussies like to cheer on the underdog, and there was no doubt that Bergelin was the underdog in this case.

"It was a good win," said Captain Talbert after the match.

"I was completely pleased with the way Tony played," he said. "I like the way he is hitting the ball and I like the way he reacted to the crowd demonstrations which failed to phase him at all."

**DELONE BEATS CANNERS 52-45 IN LATE RALLY**

The Delone Squires eked out a 52-45 victory over the Bigville Canniers in the late minutes of the game on the Cannier's court Friday night.

Coach Gene Bonelli tossed the cards together and came up with an entirely new starting Delone five.

Both teams battled in a close nip and tuck affair throughout the game. Jim Breighner took the ball on a fast break and swished a two pointer on a jump shot to open the game after 2:15 had gone by. A minute and a half later the Canniers scored on Dick Beamer's layup.

After Phil Staub, the sophomore replacement for Jude Smith at center, connected on a foul Dick Smith hooped a one hand push from the corner. Beamer came back to sink a long set. While Staub was pushing in a pair of one-handed side shots, Nevin Prantz and Ron Group landed jumpshots from under the basket.

Cline tallied on a foul as Hardman swished a long set. Prantz then took a tap-off and drove in for a lay-up, while Staub and Coble battled under the nets for a pair of two pointers. The first quarter closed with the game in a deadlock 13-13.

**Canners Forge Ahead**  
In the second stanza the Canniers came out in full force as Beamer took the tap center and hit on a layup. Group hit once on a pair of fouls while Beamer tallied another jump from the side. Now trailing 18-13, the Squires started moving after 4:35 had elapsed. Funk completed two straight layups as Breighner and Koonitz matched jump shots from the foul circle.

Then Cline, Coble, and Koonitz all looped layups on the fast break, while Prantz and Cline hit on their free throws. As the clock was running out Mike Brady tallied a layup but was fouled in the process. After making good on the free toss Dick Smith hooped another of his one-handed corner shots as the horn sounded. The last three points were not enough for the Squires as Bigville had jumped to a 29-24 lead.

**Delone Takes Lead**  
In the second half, Ralph Hardman, Gettysburg, acting captain of the Squires, tallied on a jump shot, tap-in, set and layup, to place Delone in front 32-29. After the clock had gone through 6:45, Bigville made their first two points by tossing in a trio of foul shots through the hands of Group and Koonitz.

Hardman again sank a long set, but Bigville put themselves back in the ball game as Prantz hooped a tap-in and Garnet Coble drove in for a layup to knot the count at 36-36.

As the quarter ended Don Day broke the tie by landing on a foul shot and Bigville was once again in the lead.

In the final period Delone out-scored their opponents 16-8 to make the difference in the game. Breighner and Dick Smith landed jump shots while Prantz hit on a layup. Funk sank his first foul and missed the second, but Phil Staub took care of things as he tipped in a two pointer. Funk landed a jump from the foul circle and Staub hooped a pivot. Delone then started a freeze and the fouling began. Cline and Prantz each tossed in a free throw

## Middies Drilling For Sugar Bowl

ANNAPOLIS, Md. (AP)—The middies completed home drills yesterday for their Sugar Bowl date with Mississippi New Year's Day and then received the Lambert Trophy last night as a sendoff for their Christmas leave.

The trophy designated Navy as the best football team in the east. It was presented before the 3,600-man brigade of midshipmen in the dining hall by Col. Edgar W. Garbisch, 1925 All-America center at Army and chairman of the Lambert Trophy Committee.

**BIG BOB BAKER WINS DECISION OVER WALLACE**

**By JACK HAND**  
NEW YORK (AP)—Big Bob Baker is a generous soul. He wants to give Nino Valdes a chance to "redeem himself" for the fight he lost to him 16 months ago.

After whipping Coley Wallace for the third time (once in the amateurs and twice as a pro), wants to move up in his class.

Baker rates No. 4 among Rocky Marciano's contenders. Directly ahead are Nino Valdes, No. 1, Don Cockell, No. 2, and Ezzard Charles, No. 3. Perhaps the order is scrambled in some ratings but that's the usual rotation.

**Says He Goofed**  
Because he holds a decision over Valdes May 21, 1953, the Cuban's last defeat, Baker wants him first. He knows he has little chance of coaxing Cockell over from London because the British heavy reportedly has the inside track to a title match next June.

"I goofed a couple of times when I should have stopped him," said Baker last night after his unanimous decision in a Madison Square Garden 10-rounder. "He hurt me with a couple of good punches. He tries to kill you with that right."

**Unanimous Card**  
Wallace was a weary, well-battered man at the finish. For a time, in the fourth round, he seemed on the verge of flooring Baker. From the fifth on, he was no menace, strictly a left jabber trying to go the route.

Wallace was down to 20½ pounds and Baker hit 211 for this bout.

Referee Harry Kessler and Judge Harold Barnes scored it 8-2 and Judge Bert Grant 7-2-1, all for Baker. The AP card also was 8-2.

# Watch Exhaust Pipe For Handy Check On Way Motor Is Working

By FREDERICK C. RUSSELL

Judging by the number of car repairs, the ounce of prevention also must have been deduced.

The exhaust pipe is another handy check on the engine's condition. It is the exceptional motor that runs more than 75 of its fuel, complete combustion being unknown, it if there is smoking at the exhaust you are being warned that conditions are not normal. We will here delve into the matter of what smoke which indicates that it is being sucked up into the cylinders, but will confine our thinking to blackish smoke, and sometimes smoke with a brownish tinge. This means an over-rich mixture. Just for the record you may note at in exhaust fumes we find carbon dioxide, oxygen, carbon monoxide, methane, hydrogen and nitrogen. Methane and hydrogen are easily gases that can be saved rough proper combustion. The fuel-air ratio of air to gas is 14.5 to 1. The latter is much too rich for all around use, especially the acceleration to which we are currently accustomed. Where the fuel-air ratio is only 9 per cent combustion is only 50 per cent. That over-rich mixture may be due to a too high carburetor float level, too high fuel pump pressure, or for leaning out the idling mixture, failure of the choke valve to open wide when the engine starts, worn carburetor jets, needless pumping on the accelerator and other conditions which put the carburetor at a disadvantage.

**For Future Reference**

From a reader comes the suggestion that when there is a pull on one of the front wheels during

in the exhaust system are not, as many motorists believe, backfires. A true backfire is a popping back in the carburetor intake. Usually it is not loud, being muffled by the air cleaner which also serves as a backfire trap.

Mechanics sometimes refer to exhaust system explosions as "after-firing." This means that mixture which escapes unburned from the cylinders is fired from succeeding this takes place in the muffler or tail pipe.

That word "after-firing" is a tip-off to the reason for this sort of thing. Unburned gases get into the exhaust because mixture is too rich or too lean to fire within the cylinders, or because a valve does not close properly, or timing is off, or a spark plug fails.

**Respect For Rules**

There are some things about a car which car owners are better off not tampering with, but if some necessity arises and this general advice has to be ignored at least follow the rules. In the case of carburetor, for instance, no attempt should be made to vary the idling mixture or the idling speed unless the engine is first well warmed up. Majority of carburetors today have double floats and thus twin idle mixture adjusting screws. The rule here is to adjust one side at a time. And always repeat the process just to make sure.

**Books To The Rescue**

Motor books are becoming quite the thing for the man in the house who wants his car to operate in top form at the least expense, so keep this in mind for one of his Christmas gifts. Or perhaps Mrs. Motorist would find driving a family car a lot more pleasant if she knew a little more about it. Some of the car factories sell service manuals for the late models, and if they cannot furnish one for the car in question the information can be found in Motor's Auto Repair Manual which covers all American makes. Floyd Clymer in Los Angeles puts out inexpensive manuals for several popular makes in addition to his famous Motor Scrapbooks. This year, in addition to the 75 cent newstand latest edition of my "Fred Russell's Car Care" there is the new \$2 hard cover edition which you can get at your favorite bookstore.

Real enjoyment of a car is in direct proportion to what you know about it. A new motor book for Christmas will convince you.

**Power Goes On Trial**

In a current debate between those engineers who feel that power is a safety factor and those critics who believe that it is merely an invitation to trouble the interesting point has been brought forth that when a driver is overtaking another car on a two lane highway he is on the wrong side of the road. The engineers believe

that in such a spot it is to his advantage to lessen time. On a three-lane highway he has to use a lane for passing in which he may meet a car head-on. Here, too, power permits quicker passing. And on a four lane divided highway power enables him to be in the passing lane only as long as the job requires.

This all sounds like a pretty picture of supercharged safety, but the truth is that the other fellow has more power under the hood of his car too. He's just that much harder to overtake. I have always liked the concept that as the speed of a car increases it is exactly like stretching out its wheelbase.

**In The Motor Mail**

Q. There seems to be a noticeable skipping in the motor of my car whenever I take my foot off the accelerator and allow the car to drift along at speeds of 30 miles per hour or a little less. I have tried your suggestion of checking the idling mixture. L. J. H.

A. At this point I would consider the spark plugs which may be fouled with oil sucking up past worn piston rings when the throttle is closed. If the plugs show fouling try a hotter set.

Q. What causes the car to have such a marked tendency to creep when in "drive" when first using it in the morning? Wm. F. H.

A. This is due to the fast idling of the engine. When the engine warms up a bit with the car in the driveway press on the accelerator and then release it. This will usually put the motor back on normal idling and the creeping will be reduced. If creeping continues after the engine is well warmed up idling speed will need to be reduced to that recommended by the factory.

Q. My car steers hard whenever I am parking and often when I try to hold to the center of a crowded road. Increasing front tire pressure hasn't helped. The gear is well lubricated. R. T.

A. Indications are that the gear housing is loose where it bolts to the frame. Don't attempt to tighten this yourself, however.

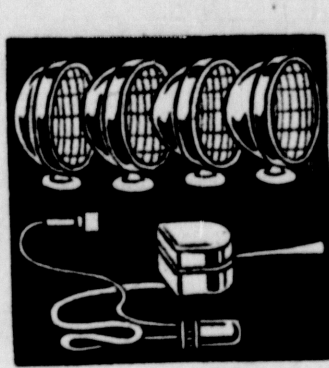

Q. Odd as it may seem whenever I am parking the car I find it easier to move forward and backward by pulling out the choke control a little. Is this harmful to the automatic transmission? L. D. R.

A. Questions like this help to make my day interesting. From what you say this partial choking enriches the too lean idling mixture of the engine, thus smoothing out the roughness and helping the parking job. This can't harm the transmission, but better have the carburetor checked and the mixture properly adjusted.

Q. Does it harm the chrome trim to keep waxing it? Wm. L. P.

A. No, but too much polishing does. If you keep the trim well waxed, however, you won't need to polish.

## REDS UNHAPPY ABOUT YANK'S "PUNCH" TALK

WASHINGTON (AP)—Russia has formally protested remarks attributed to an American Air Force general in England. He was quoted last week as saying his unit is capable of "an atomic punch which will give the Russians cause for consideration."

The State Department did not make public the Russian note delivered late Thursday to Deputy Secretary of State Herbert Hoover Jr. Anatoli F. Dobrynin, Soviet Embassy minister who delivered it, told newsmen "I have nothing to say."

The officer involved, Brig. Gen. John D. Stevenson, said in England he had heard nothing of the protest until a reporter telephoned to ask for comment.

Up To Higher-Ups  
"Obviously I can make no comment," Stevenson said. "It obviously will be dealt with at a much higher level."

Stevenson, commander of the

U.S. 49th Air Division, received newsmen at Benwaters Air Base in eastern England last Friday to show them the F84F fighter bombers now serving American units in Britain.

British newspapers quoted him as saying:

"Two and a half years ago the 49th Air Division was deployed to the United Kingdom for the purpose of giving an atomic punch in support of North Atlantic Treaty Organization forces."

"It was deployed for the prime purpose of being a deterrent to war."

Great Death Punch  
"Each aircraft to be seen here today can carry a greater destructive punch to any one target than all aircraft in these islands in World War II loaded with high explosives."

"That is something which will give the Russians cause for consideration and possibly keep them off so we can continue to employ diplomatic discussions to the point when a hot war will never come about."

A service paper published at Benwaters was said by a Pentagon spokesman to have quoted the general as saying his wing stood ready to launch tactical atomic bomb attacks from England at "almost

## Drunk Tries To Poll Murder Jury

CLEVELAND (AP)—Someone other than a court official tried last night to poll the jurors in the murder trial of Dr. Samuel Sheppard.

While the seven men and five women jurors, who quit for the night 12 hours after they began deliberations, were checking into their quarters at the Hotel Carter, a young drunk began bothering some of them.

Before Jury Bailiff Simon Steenstra chased him away, the young man yelled to some friends:

"They won't talk. They won't squeal."

## TEST CENTER IN DESERT MAY GO

SAN FRANCISCO (AP)—George Rhodes, aviation editor of the San Francisco Call-Bulletin, wrote yesterday that it was "reliably reported" that the Department of Defense was preparing to abandon its guided missiles test center at White Sands, N.M.

He did not say who was the reliable reporter.

Rhodes added that "some industry sources felt that cuts in the budget are behind the move, but there may be other reason."

"Another major reason for the reported closing down of operations at White Sands may be too limited a test area for long range missiles now under development."

Rhodes did not give a source for any of his information.

a moment's notice."

The spokesman said Stevenson had made no direct claim that his unit actually had atomic bombs stored in England.

## PRESIDENT IS GIVEN CAUTIOUS UMT APPROVAL

WASHINGTON (AP)—Key lawmakers in a Congress never before willing to vote for universal military training gave cautious approval today to President Eisenhower's program of boosting the military reserves while cutting armed services strength.

Both Democratic and Republican members generally approved a defense department amendment yesterday of plans to excuse 100,000 youngsters yearly from the draft if they volunteer for six months active training and follow it with 9½ years reserve duty.

But most of the legislators willing to comment keyed their acceptance of this proposal to changes Congress may want to make in a program generally regarded as reviving in limited form UMT recommendations that have not been too popular in the past.

Long Reserve Duty  
As outlined by the Defense Department, the Eisenhower plan would permit 17-year-olds to volunteer at \$30 a month for six months training and lengthy reserve duty in the National Guard, Army or Marine Corps units.

The draft would continue, the National Guard would remain unchanged, and the Navy and Air Force would rely on other programs to build up their reserves.

The over-all program would provide a five million man reserve by 1969, including three million in a ready reserve subject to immediate call, and two million in a secondary reserve composed largely of veterans.

Secretary of Defense Wilson estimated the cost at \$1,100,000,000 yearly, about \$59 millions more

than the present cost of National Guard and reserve activities.

Cut Armed Forces

As the stronger reserve comes into being, tentative plans call for a 468,000-man cut in the present armed forces strength to a level of 2,700,000 men in June 1959. Wilson did not estimate the saving this would bring.

Sen. Russell (D-Ga.), prospective new chairman of the Senate Armed Services Committee, withheld judgment until the program is formally presented to Congress. Russell has been an advocate of UMT in the past.

Sen. Kefauver (D-Tenn.), a member of the committee, said in an interview he thinks the plan is workable and "in general, I'm in favor of it." But he said that congressional committees "will have to work out details" in extending hearings.

Sen. Saltonstall (R-Mass.), retiring chairman of the committee, said in a statement that the proposal "certainly is a constructive step toward building up our reserve system."

## ASK FOR VOTE OF CONFIDENCE

PARIS (AP)—Premier Pierre Mendès-France demanded a vote of confidence today after the National Assembly rebuffed his government on its Indochina budget. The vote, set for next Monday, may delay scheduled debate on German rearmament.

Mendès-France staked his government on the budget issue at the end of an all-night Assembly session during which the deputies defeated the Premier 301-291 in one voting and gave him only slim majorities on two others. The balloting was on technical points concerning the Indochina budget.

The adverse vote—Mendès-France's first setback in six months in office—left his position considerably weakened but his opponents did not appear eager to throw him out of office on the Indochina issue. They want him to be saddled with the responsibility for pushing through ratification of the Paris treaties to restore German sovereignty and give her the right to rearm.

Assembly debate on the pact had been slated to open Monday and was expected to wind up late Thursday. Now much of Monday likely will be taken up by the confidence vote. The final decision on the Paris pact may not come until Christmas Eve, when the deputies will be anxious to return home.

## AIR FORCE ASKS 6,000 NOMINEES FOR 300 POSTS

WASHINGTON (AP)—The Air Force, which asked 6,000 nominations from which to select 300 students for its new academy, has received only 1,654 to date.

Congress members, who have two more months in which to nominate their selections, gave a number of reasons for the delay including a desire to hear from all applicants who want to be considered.

The Air Academy's first class is to report next July at Lowry Air Force Base near Denver, Colo., for air training comparable to that given potential Army and Navy officers at West Point and Annapolis, respectively.

February 18 Deadline

A deadline of Feb. 18 has been set for the nominations, most of which are allotted to senators and representatives. Each may nominate 10. Other nominations may come from other sources, including the President and vice president.

Also allotted nominations are the territories of Hawaii and Alaska, the District of Columbia, the Panama Canal Zone and Puerto Rico.

CHOUEN-LAI MAY ASK HIGH PRICE TO FREE FLIERS

By TOM HOGE  
UNITED NATIONS, N. Y. (AP)—Diplomats speculated today that Red China's Chou En-lai may set a stiff price for release of 11 imprisoned American airmen when he receives U. N. Secretary General Dag Hammarskjold in Peking.

The Red Chinese Premier indicated in his assent yesterday that he considers the case of the airmen closed. But delegates acquainted with Peiping's line of reasoning predicted Chou would get down to brass tacks after first insisting his government was in the right and bringing up some complaints against the United States.

Hammarskjold asked for the talks Dec. 10 after the General Assembly voted 47-5 to condemn Red China's imprisonment of the airmen as spies. The Assembly

called on the secretary general to intercede for their release. Opposition votes were cast by the Soviet bloc.

**Chou Replies**  
Hammarskjold received Chou's reply the same day the Assembly wound up its ninth session, rejecting Communist attacks on U. S. policy in the Far East.

As the session ended the main spotlight was focused on Peiping where Hammarskjold is expected to go shortly after Christmas. Diplomats believe Chou will seek to guide the talks along the following general lines:

1. He will try to impress on Hammarskjold that his regime is completely in control of China.
2. He will protest to the secretary general that the Americans are maintaining what the Chinese have labeled a "nest of spies" on the Nationalist stronghold of Formosa and will warn that the Reds will not consider releasing the airmen until such activities cease.
3. Having thus set the stage he will probably consent to hear Hammarskjold's plea on behalf of the airmen and other imprisoned U. N. personnel.

As a neutral mediator, Ham-

marskjold would hardly be in a position to bargain, delegates pointed out, but he could relay back Chou's demands.

U. N. observers saw three possible deals the Red Chinese might offer:

1. Agree to release the airmen in exchange for 35 Chinese students held in the United States since the Chinese Communists moved into the Korean War.
2. Offer to free the men if the Americans unfreeze more than 100 million dollars in Chinese assets blocked in the United States when the Chinese Reds entered the Korean War.
3. Consent to talk business if the United States would agree not to oppose Peiping's demands for a U. N. seat.

The 35 Chinese students have been detained under a presidential emergency proclamation because they had acquired certain skills in the United States which would be helpful to the Communists.

In 1953, 770 Americans were killed and 27,750 injured while trying to cross intersections against the light.

Women And Wheels  
Four Checks When You "Fill 'Er Up"

By MARY LOU CHAPMAN  
A "dip-stick" is not a new type of ice cream cone. It's that gadget under the hood of your car that shows you how much oil is in the engine. And if you have anything to do with cars—even if your husband generally takes care of such things—you should be familiar with it.

There are actually four other items besides gas that ought to pop into your mind every time you drive into a gas station. They are: Checking the oil, the water in the radiator and in the battery, and taking a look at your tires.

Just because you may not understand the engineering intricacies behind these items, don't be

intimidated. Get out of your car anyway and watch what the attendant does.

**It's Flattering**  
He'll probably be flattered to have you watch him do his job, and will do it better—and maybe you'll learn more about your car in the process. Lots of men we know get out every time that hood goes up. There is something fascinating under that metal canopy. Of course you don't have to carry this motor-peering to extremes and start your own repair shop. But bear the following in mind when you go gasoline trotting in the future:

**Check the oil.** This is where the dip-stick comes in. Your gasoline attendant should show you the car's oil level on the dip-stick. This is how you read it: The level should be between the "add-oil" mark and the "full" mark. If the level drops below the "add oil" mark, add only one quart of oil.

**Oil's Expensive**  
The level should be watched quite closely, because if it goes over the full mark, the oil is likely to be wasted. It churns around in there and leaks out. Oil is just too expensive for that sort of thing.

Yet too little is dangerous, because the function of the oil is to keep the wearing surfaces of the engine smoothly lubricated, and lack of oil may ruin it. You should see that the oil is kept clean, too. A filter is helpful for this. If your car has one, remember that these filters also need periodic changing (every 5,000 miles) as they become filled with the dust and dirt they remove from the oil.

**Check radiator water.** This is important. The water is circulated from the radiator through a "jacket" surrounding the engine. It keeps the engine (which often gets as hot as 2,000 degrees in the combustion chamber) cooled down to a mere 160 degrees or so. That is, as long as you keep enough water in it.

**Check the battery.** This one too is primarily a water problem. Each cap should be removed to see that the water is at the proper level. Normally, the battery should be checked about every two weeks, but in hot weather or while you are on a long trip, have it checked every week.

**Tires Tire, Too**  
Check the tires at least once a

week for signs of small breaks and for proper pressure. Your dealer will tell you what pressure is best for your particular tires, but it averages out in most to about 24 pounds when they are cool and 27 pounds after they have been rolling awhile. Never let air out of tires immediately after a long journey, though, as tires are built today to stand expansion. Just be sure that they are properly inflated when moderately cool, and you'll be safe.

Periodic rotation to different wheels helps all four tires plus the spare to wear evenly. This should be done at every 3,000 miles.

More complete servicing of your car is done when it is lubricated. This is every 1,000 miles or more a month.

(Fashion writer, artist and TV personality, Miss Chapman is a native of Detroit, and has spent the last several years working with automobile stylists, designers and engineers at Chrysler Corporation.)

Over one-fifth of Sweden's national product is exported.

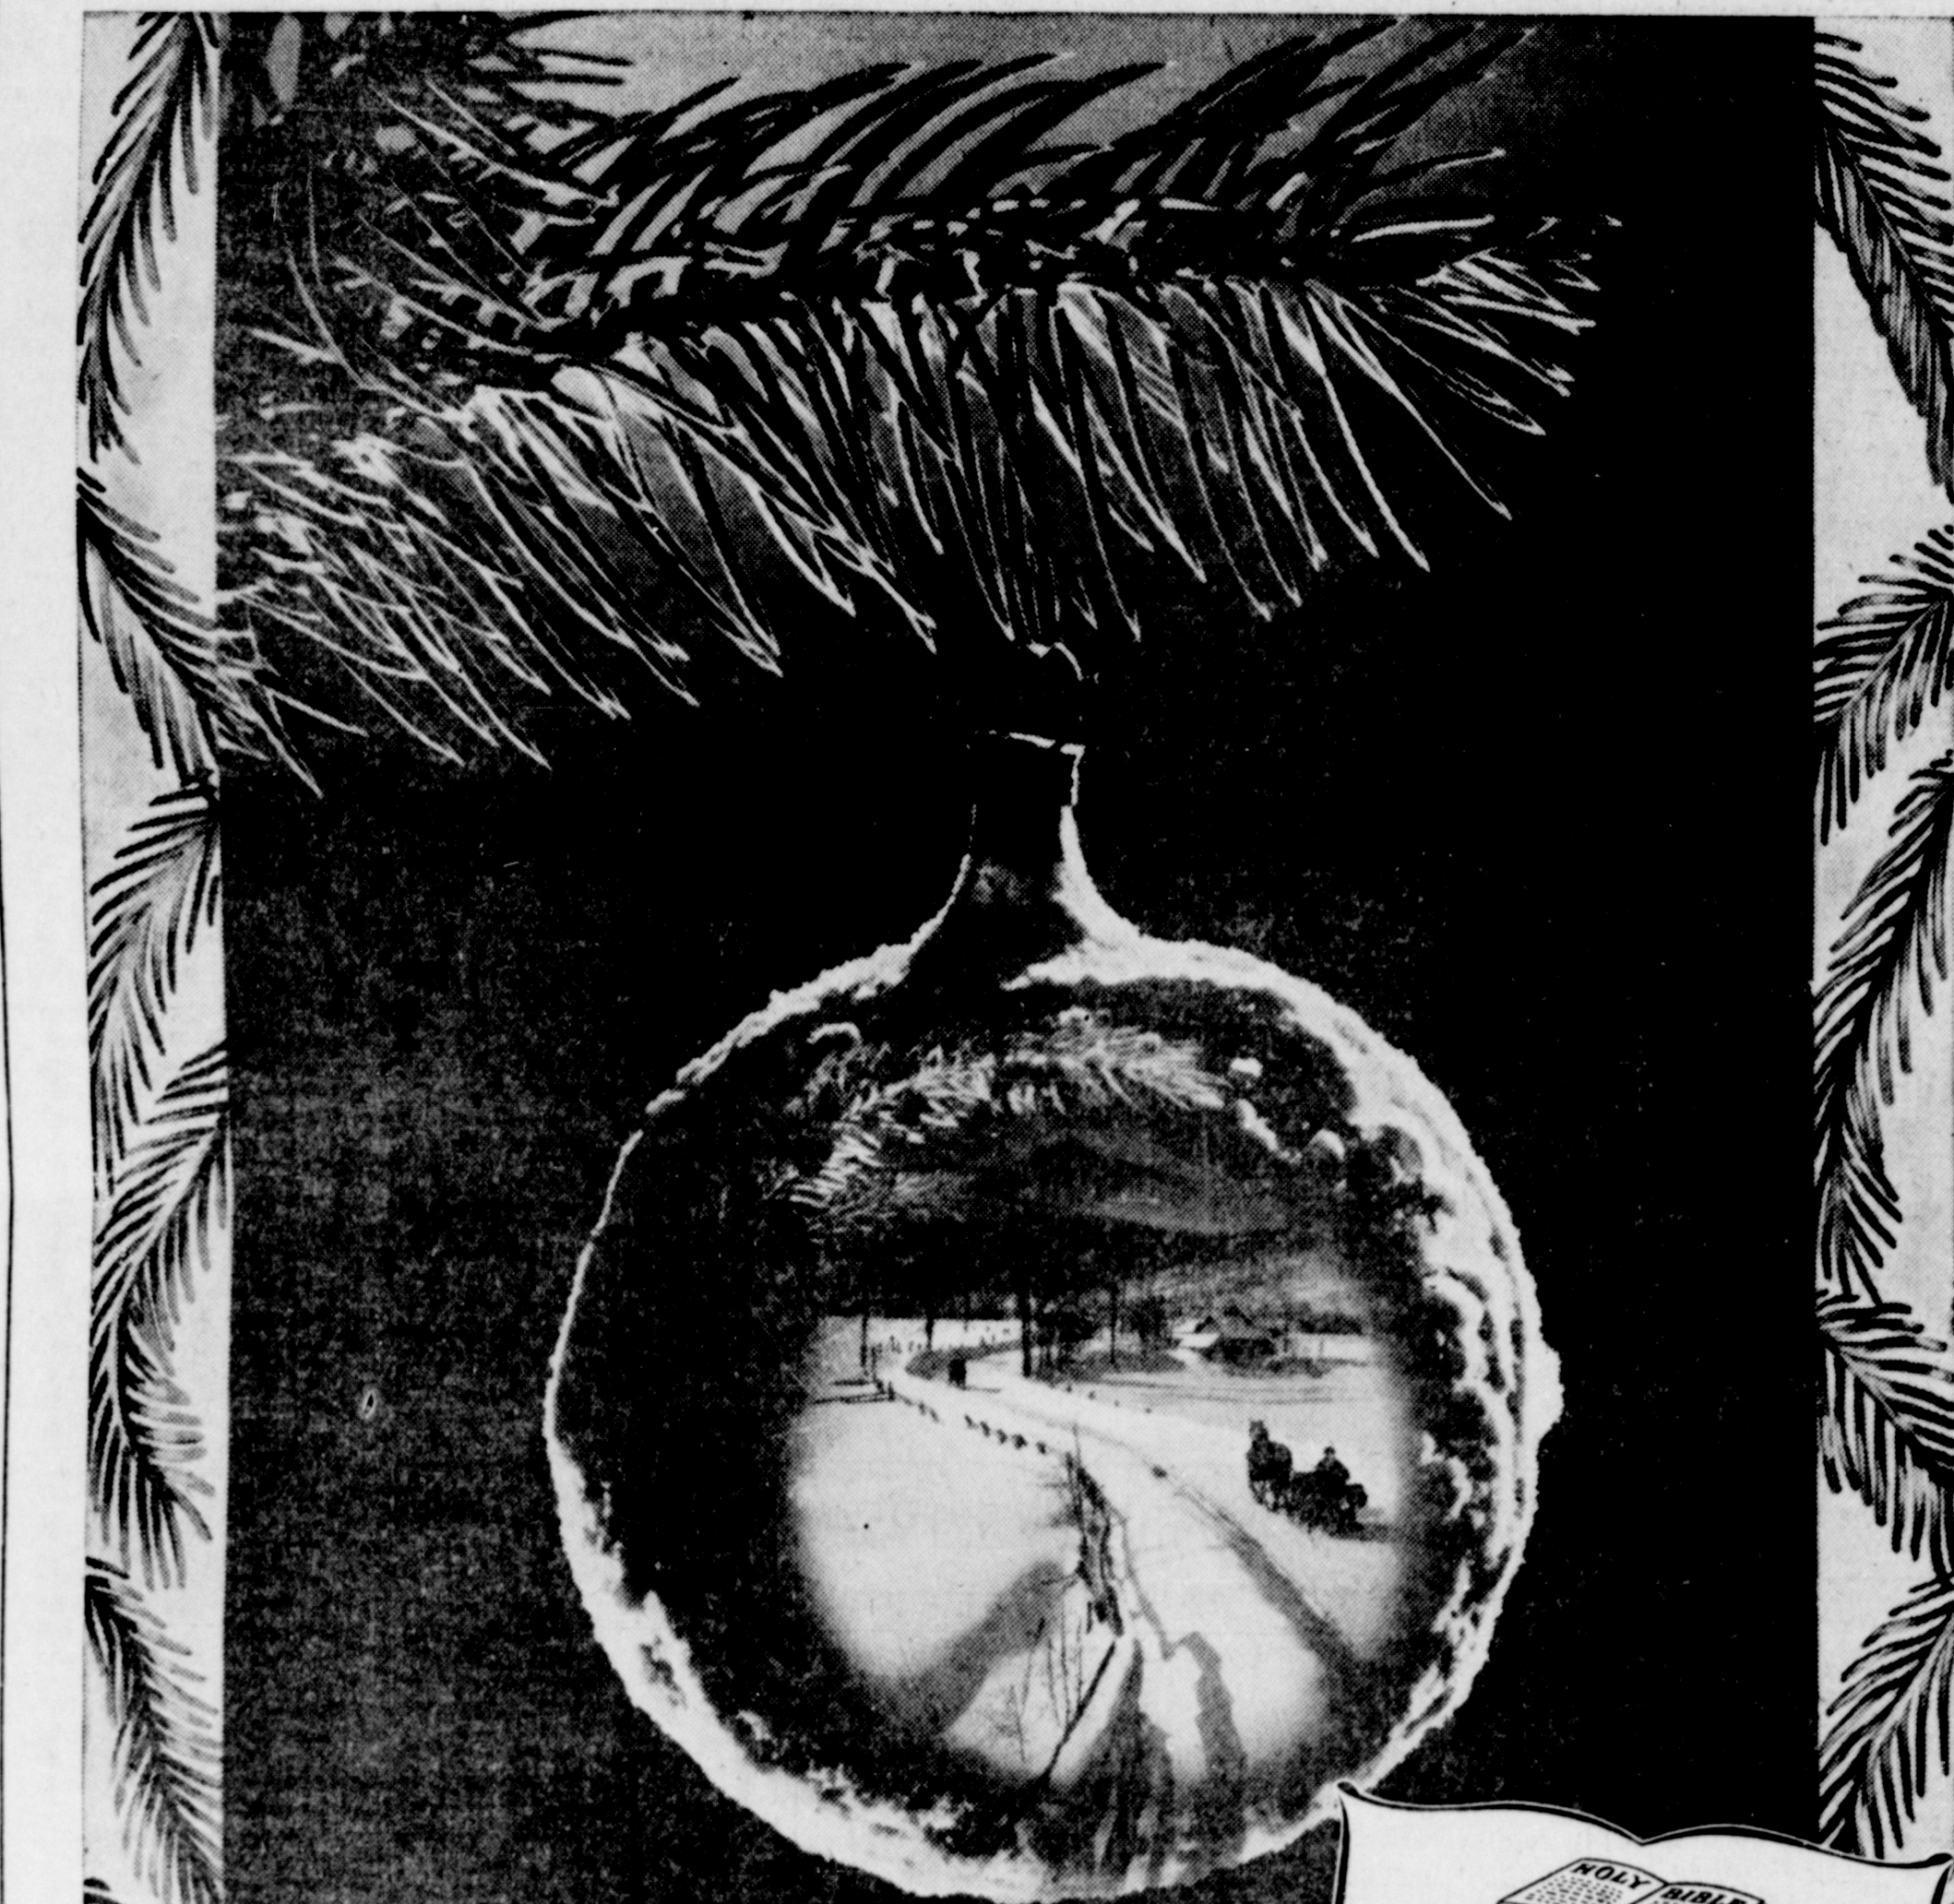

**PERMIT TO DEMOLISH**  
HARRISBURG (P)—Paul Martin, Mount Joy contractor, has been issued a demolition permit by the city of Harrisburg to tear down a building to make way for a proposed south Harrisburg bridge over the Susquehanna River.

The building, now used as a brick and cement block factory, was purchased by the commonwealth in preparation for construction of the bridge.

**LIFE'S REFLECTIONS**

A simple ornament, a fragile, insignificant decoration on a Christmas tree. But look at the beauty it reflects!

Many of us feel that as an individual we have no influence in this world, that our simple, hum-drum existence has no effect on our fellow men.

And yet each human being is a potential source of inspiration and beauty. No matter how humble our station in life, each of us has the power to guide and direct the lives of others. Even slight gestures and remarks can have an important meaning to those about us.

For the sake of others, as well as for our own well-being, let us turn to the Church for inspiration and guidance. Here will we learn to live a life full of goodness and truth, reflecting God's love into dark places.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## ONE-TIME RED DENIES HE HEADS HUGE SPY RING

WASHINGTON (AP)—Jay Lovestone, once an American Communist party founder turned avowedly anti-Red, says he stands ready to undergo a "no holds barred" interrogation on any charge labeling him as "kingpin" of a world-wide Red network.

Rep. Clardy (R-Mich.) said on Wednesday the House Un-American Activities Committee has heard secret evidence concerning "a gigantic world-wide network of Communists previously unidentified even now in State, Labor and other departments."

Without identifying the man he was talking about, Clardy mentioned a "kingpin" who he said was "responsible for the placement and the shifting about of these Communists." Clardy described this person as "admittedly one of the organizers of the Communist party in this country."

The Washington Evening Star said yesterday Clardy made it clear he was referring to Lovestone. The newspaper said other committee sources confirmed this. The committee itself has leveled no official charge at Lovestone.

Lovestone, in a telephone interview from his New York office, termed "ridiculous" any allegation that he is the "kingpin" of any such world web of Reds. He said he would welcome an opportunity to come before the committee to enter his denial and to submit to questioning.

Now an AFL official, Lovestone

was booted out of the Communist party 25 years ago. He currently is executive secretary of the AFL Free Trade Union Committee and as such has spearheaded the labor organization's anti-Communist campaign.

Lovestone said "I'm fighting communism and I have been for 10 years." He accused Clardy of going off "half-cocked."

## USSR ISSUES BARRAGE OF ANGRY NOTES

MOSCOW (AP)—The Soviet government has fired a barrage of angry diplomatic notes to the West European nations that rejected invitations to Moscow's Nov. 29 conference on European security.

The Belgian, Danish, Dutch, Italian, Yugoslav, Swiss and Finnish embassies or legation here all said last night they had received the Kremlin notes. The communications also were believed to have gone to the Turkish and Greek envoys in Moscow.

The Soviet Foreign Ministry did not release the texts of the notes. They were understood, however, to have accused the governments of backing "dangerous remilitarization of Germany."

**Part of Campaign**  
The rebukes appeared to be part of a Soviet campaign against the Paris accords for rearming West Germany within the North Atlantic Treaty Organization.

Moscow warned Paris Thursday that ratification of the treaties would threaten the 1944 French-British Britain was warned against

## Select Three Men To Succeed Keller

DOYLESTOWN, Pa. (AP)—Three candidates have been picked by the Bucks County Bar Assn. as nominees to succeed President Judge Hiram Keller of the county court.

The bar association announced yesterday it has decided on three names to be submitted to Gov. John S. Fine. The appointee will serve the remaining five years of Judge Keller's term. The jurist resigned.

Names to be submitted to the governor are Louis Rubin of Bristol, and Claire G. Biehn of Quakertown, Republicans, and John Fullam, Democrat of Fairless Hills.

Her bouquet will be a colonial arrangement of white roses. Her scalloped edge ivory wrist-length veil is attached to an egg-shell tiara.

**In Wedding Party**  
Miss Louise Amanda Braucher, New York City, a classmate of the bride, will be maid of honor. She will wear a floor-length gown of forest green velvet fashioned with a V-neckline and puffed sleeves.

She will wear green velvet mitts and a pearl choker and matching pearl earrings. She will carry a colonial bouquet of white roses interspersed with pine.

Wayne Weagly, Alexandria, will serve as best man. The ushers will be John Humanick, West Chester, brother-in-law of the bride, and Richard Wurst, Gettysburg College, a classmate of the bridegroom.

The mother of the bride will wear a brown and white suit, brown accessories and a corsage of yellow roses.

**Reception To Follow**  
A reception will be held in the social room of the church. As a going-away ensemble the bride will wear a winter white dress with black accessories and an Oxford grey coat. Her corsage will be of red roses.

The bride was graduated from Gettysburg High School in 1951 and from the hospital of the University of Pennsylvania School of Nursing in September. She is a staff nurse in the maternity department of the Warner Hospital.

Mr. Sollenberger was graduated from Gettysburg High School in 1952. A member of the Junior Class at Gettysburg College, he is taking the pre-ministerial course. Out-of-town guests will be from New York City, Philadelphia, Harrisburg, Washington, Somerset, York, Chambersburg and Waynesboro.

## FOUR KILLED IN FLAMING CRASH IN MILWAUKEE

MILWAUKEE (AP)—A father-and-son holiday hunting trip to Canada yesterday turned into a flaming air crash death for four persons, including Frederick C. Miller, prominent Milwaukee brewer, civic leader and sports figure.

Miller's son, Frederick Jr., 20, died in the furiously burning plane along with the pilots, Joseph Laird, 39, and his brother Paul, 34, both of Milwaukee.

Miller, 48, a University of Notre Dame football star under the late Knute Rockne, died of injuries several hours after the crash.

The trip, planned as a hunting jaunt into the Canadian woods, was only a few seconds old when the Miller-owned twin-engine plane sputtered and plunged to the ground at 5:08 p.m. near a residential area north of Gen. Mitchell Field.

**Crash On Takeoff**  
The four men had just taken off from the field, bound for Portage la Prairie, northwest of Winnipeg, where the Millers own a cabin.

The craft hit the ground about 125 feet from a home north of the field. The senior Miller was thrown out.

Miller, burned over a large portion of his body, his right leg broken and suffering internal injuries, was rushed to Johnston Emergency Hospital. Blood plasma was administered and part of the time he was conscious. He died five hours after the take-off crash.

He was president of the Miller Brewing Co., founded by his grandfather, and of the Milwaukee Assn. of Commerce.

Miller had been a star tackle at Notre Dame under the famed Rockne, who also died in a plane crash in 1931. Miller captained the Irish in 1928. He graduated a year later from the South Bend, Ind. school, where his son, Fred Jr., was a student.

**Ardent Sport Fan**  
Miller probably was best known for his support of big league baseball for Milwaukee. He sparked the drive to bring the Braves here from Boston and has since been a director of the baseball club and one of its most ardent backers. He was also a stockholder in the Green Bay Packers and a director of that National Football League club.

Miller is survived by his widow, the former Adele Kanaley of Winnetka, Ill., six daughters and one son, his mother and four sisters.

## STRAUSS ISSUES NEW DEFENSE IN AEC POWER FUSS

WASHINGTON (AP)—Lewis L. Strauss, chairman of the Atomic Energy Commission, has issued a new down-the-line defense of the Dixon-Yates private power contract with AEC.

Strauss told a news conference yesterday the proposal to supply additional private power to the Tennessee Valley was a "good contract," linked to national defense and needed to meet expanding AEC power requirements.

He made his points in a 35-page statement and a one-hour talk which he said represented his personal views. He said he had not consulted in advance with other members of the commission. The chairman said he held the news conference despite contrary advice from some "good friends."

### Resume Hearings Monday

His defense of the contract came amid a sharp legal fight before the Securities and Exchange Commission which is considering whether to approve financial arrangements for the project. The SEC resumes open hearings Monday (10 a.m.).

Strauss said his purpose was to clarify his views on Dixon-Yates and not, as a reporter asked, to ward off expected Democratic attacks on the contract when Congress reconvenes Jan. 5.

"But I hope it will have that effect," the AEC chairman said. The Dixon-Yates group is composed of the Middle South Utilities

## Set Argument Date For Trade Hearing

HARRISBURG (AP)—Dauphin County Court set Jan. 7 for final argument on a preliminary injunction restraining the Burche Co., Harrisburg, from selling electric products of the Sunbeam Corp., Chicago, at prices below those set under the state fair trade act.

Judge Homer L. Kreider yesterday continued in effect the preliminary injunction after hearing arguments by attorneys for both sides. The injunction was put into effect last Tuesday.

The injunction specifies that the Harrisburg firm must refrain from advertising for sale or selling products of the company at prices below the fair trade levels established in Pennsylvania.

In previous action, Burche Co. was restrained from selling General Electric Corp. products and products of Westinghouse Corp. at below fair trade listed prices.

## Scranton Man Is Sent To Prison

MIAMI, Fla. (AP)—Michael P. Malone, 33, of Scranton, Pa., was sentenced to three years in prison by Federal Judge Emmett C. Choate yesterday after pleading guilty to a charge of transporting a stolen car from Yuma, Ariz., to West Palm Beach, Fla., last year.

In passing sentence, Judge Choate recommended that Malone be sent to a prison where he can get psychiatric treatment.

The judge commented on Malone's extensive educational background and added that he "couldn't understand how a man with his background could do the things listed on his 13-year record of bad checks, forgeries and car thefts."

The record showed that Malone was a graduate of a military academy in Pennsylvania, studied at the Massachusetts Institute of Technology and the University of California.

In Sweden all purchases of liquor are recorded in a passbook which must be carried by each customer.

## NEW YORK GROUP IS CALLED RED

WASHINGTON (AP)—The Justice Department is studying a House Un-American Activities Committee report that urges prosecution of a New York organization described as "avowedly Fascist."

The report, released yesterday, termed the National Renaissance Party "clearly subversive and un-American." It recommended legal action under the anti-subversive Smith Act.

A Justice Department spokesman said the department would have no comment until a study of the report is completed.

Turning momentarily from its anti-Communist investigations, the committee condemned "neo-Fascist and hate groups," saying their objective is to "propagate hoaxes and smears aimed at setting creed against creed and race against race."

Named along with NRP was the semi-monthly publication "Common Sense," which the report called "a clearing house for hate propagandists throughout the country."

At Union, N.J., publisher Conde McGinley of Common Sense urged the committee to hold a public hearing and "if we cannot prove our statements we'll be very willing to cease publication."
